

In relation to the authorisation procedures to do hiking in the Natural Park of “Sierras Subbéticas”, you have to know the following information:

1. **A permission is required for hiking or cycling in the reserve areas called “A”.**
2. In general, **the access and the transit of visitors will be allowed** in the paths of the public path network with the exception of the paths having a signal of access restriction. Moreover, the access will also be allowed in the paths belonging to the public path network “Red de senderos de uso público” in the Natural Park, **apart from** the paths located in the zone “A” of the nature reserve (**the Path in the river Bailón, the Path in the mountain “La Tiñosa” and the Path in Santa Rita Visitor Centre**).

3. Ways in order to obtain it:

A) **Directly** in these places:

Centro de Visitantes Santa Rita: Ctra. A-339 Cabra-Priego km 11.2, Cabra.
cvsantarita@reservatuvisita.es 957 506 986.

Oficina de Agentes de Medio Ambiente: Ctra. A-339 Cabra-Priego km 11.2, Cabra.
671562045

Jardín Micológico La Trufa (Priego de Córdoba): Aldea de Zagrilla, km 7,25
jimicologico.latrufa.cmaot@juntadeandalucia.es Tlfn: 671599562

B) **Via fax (+ 34 957 10 15 23.)** You have to know these informations in order to get the permission:

- Applications should be made at least **15 working days** before the planned date. In case of lack of answer, you can consider that your application has been accepted. Applications to individuals and to groups have to include these informations:
 - **The applicant's data**, the data of the group that will do this activity or the data of the person in charge of them.
 - **The detailed description** of the activity for which the permission is required.
 - **The identification of equipments**, infrastructures and resources in case of being required for the execution of the activity and its move is necessary to the natural area.
 - **The maximum number of people** which take part in the activity.
 - **The date or the period** in which the activity will be accomplished.
 - **The place** where the activity will be accomplished.
 - If the activity is accomplished in **private areas**, a permission of the owner of this area is also required.
 - The Environmental Department can require **extra documentation** or establish particular conditions for the execution of the activity in case of being advised.

4. A **Permission** is required for any kind of **sport competitive**, event or exhibition.
